

The Cutting Edge

The new year started with a full January surgery day as 12 patients received free outpatient surgery. Thank you to **Dr. Matthew Bailey, Dr. Jeff Covell, Dr. John Draus, Dr. Johannes Evans, Dr. Paul Kearney, Dr. Greg Osetinsky, and Dr. Gabriel Phillips** for providing those procedures, and **Dr. Anjum Bux** for serving as our anesthesiologist.

COMMONWEALTH
EYE SURGERY

INNOVATIVE OPHTHALMOLOGY

I would also like to extend gratitude to several ophthalmologists who treat our patients in their offices and surgical facilities. They and their staffs provide excellent care during office visits, surgeries, and follow-up appointments, all free of charge to the patient. Thank you to **Dr. Lance Ferguson** and **Dr. Gary Wortz** of Commonwealth Eye Surgery, **Dr. Blake Isernhagen, Dr. John Kitchens, and Dr. Belinda Shirkey** of Retina Associates of Kentucky, and **Dr. Barbara Bowers** of Innovative Ophthalmology in Paducah. The latter practice has allowed us to extend our reach and offer care to patients referred to us from western Kentucky.

Gratefully,

Amanda Ferguson
Executive Director

Volunteer of the Month

January's Volunteer of the Month is pre-op nurse **Amy Day, RN**. Amy has been volunteering with SOS since the summer of 2018 and has become a Sunday regular. A Georgetown native, she attended Scott County High School before earning an associate degree from Midway University and a BSN from Indiana Wesleyan University.

Amy works at UK Good Samaritan Hospital in pre-op and has been there 14 years. She has also been mom to her daughter Emily for 14 years and enjoys traveling with her to archery tournaments. Amy is committed to fitness, working out 5 days per week and practicing yoga 2 days per week. She also is an excellent baker and makes beautiful, special order birthday cakes for others. You should see some of her creations!

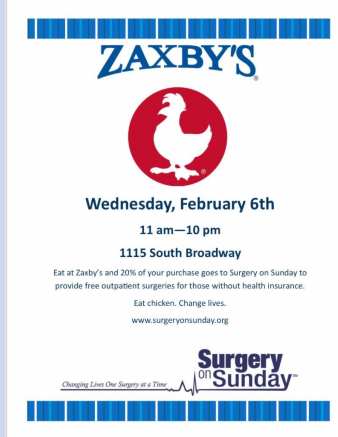

Amy says she knows it may sound cliché but her favorite thing about Surgery on Sunday is giving back to all the people we are able to help. She said she always enjoys surgery Sundays and considers them her "favorite day of the month!" We are thankful for you, Amy, and the joyful spirit you bring to our program!

Sweat4Surgeries 4.0

Sweat4Surgeries 4.0 was a huge success! Despite the cold weather outside, several hundred people came inside to work out for an hour or more, all in support of Surgery on Sunday. Many others made donations online or onsite, and the grand total raised was an amazing \$46,501!

While many played important roles in this event, it would not be possible without the vision, commitment, and monumental effort of **Josh Bowen** of **Aspire Fitness**. We can't thank you enough!

Thank you to **Zaxby's** at **1115 South Broadway** for inviting us to do a fundraising day at their restaurant on **Wednesday, February 6th**. Swing by any time between 11:00 am and 10:00 pm, place your receipt in the basket provided, and Surgery on Sunday will receive 20% of sales that day!

Feel free to share this flyer in your workplace or on social media to help us have a big turnout!

The Perfect 10

Join us for the fourth annual Perfect 10 Miler and 10K on **Saturday, March 9, 2019** at **9:00 am** at Mt. Brilliant Farm. All proceeds from the race will benefit Surgery on Sunday.

Both distances will be run entirely on paved surfaces through beautiful and historic Mt. Brilliant Farm. All registrants will receive a commemorative dri-fit long-sleeve shirt and finishers will earn a die-cut medal. We'll enjoy Raising Cane's for lunch at the Mt. Brilliant Entertainment Barn after the race.

You may register to run at the link below. We will also be looking for volunteers to help so look for an email from Volunteer Coordinator Gaby Dawson in your inbox or call us at the office!
