

The Cutting Edge

February has been quite a busy month for us here at the SOS office. Whether we are planning upcoming fundraisers, updating volunteer credentials, writing grants, or learning all the ins and outs of our new REDCap system, Kim Jones and I are thankful to be part of such a meaningful organization and have the enormous support that we do. As always, we welcome volunteers who want to join us during the week as well as those who can help us on surgery days. Let us know if you'd like to volunteer in a new or different capacity!

Gratefully,

Amanda Ferguson

Volunteer Spotlight

February's Volunteer of the Month is **Barry Bussell, RN**, As operating room nurse manager at the Lexington Surgery Center, Barry is extensively involved in our surgery days and has been with Surgery on Sunday "from day one." No matter how hectic things going on around him might be, Barry always seems to have a sense of calm about him and a smile on his face.

Originally from Brodhead in Rockcastle County (KY), he attended Lexington Community College and the University of Kentucky. Naturally, he is a UK Wildcats fan but says he doesn't play sports himself. Barry is also a member of the

SOS board of directors and is always willing to help when we need him. Echoing the sentiments of many of our volunteers, Barry says his favorite thing about Surgery on Sunday is "the satisfaction of helping others."

Thank you, Barry, for all you contribute to Surgery on Sunday and our patients!
